You may optionally add a paw print at the top-left, top-right, or both for an additional \$10 per print - just write DOG for a dog paw, CAT for cat paw. For example, the brick shown would be \$95. The top line would be written DOG WATERMELON CAT. Each paw print will use three spaces. All text will be centered automatically.

Our **Buy-A-Brick** Program allows you to create a lasting memorial for friends (two and four-legged) while helping us to continue our important work. This is a red brick, just like you would build a house with. But this brick is sandblasted with your choice of words and if you'd like - a dog or cat paw print. The letters are then made more visible with black paint. If you'd like to see the brick above and about 100 more - come to the ranch.

Finished bricks are added to our Memorial Brick Display Case located in front of our clinic - recently constructed by Eagle Scout candidate Greg Killpack as his community project. In the future, the bricks will be incorporated into our chapel design.

Please complete the form above and mail it with a check. Brick orders will be consolidated and sent to the brick company periodically.

If you would rather use a credit card, note that on the back of the form and we will call you for your card information. We'll run your card right then, so you'll know that it went through.

Thank you!
